Profile

Software engineer with experience building containerized systems. Experience with JavaScript, Ruby, PostgreSQL, Docker, Rails, and React. Former Educator, M.Ed, with expertise in several subject domains and grade levels.

Professional Experience

Satellite, *Co-Founder, Software Engineer*
<https://satellite-baas.github.io/>

2020 - present

Satellite is a multi-instance backend-as-a-service (BaaS) that provides the essential features of data persistence, frontend hosting, and a GraphQL API without the complexities of managing and configuring servers. Built with Node.js, Express, Kubernetes, Docker, React, and DGraph.

- Worked with a remote team to create the core Satellite app and infrastructure
- Co-built the Satellite core app for deploying Satellite backends
- Designed the Admin GUI for managing and deploying Satellites using React
- Created methods for checking Satellite health and status
- Integrated the Admin GUI with the Satellite core app and Kubernetes cluster
- Contributed to architectural decisions regarding Satellite's multi-instance infrastructure
- Co-authored technical case study, detailing Satellite's design and implementation

Full Stack Web Developer, *Self-Employed*

2018 - 2019

Remote. Built open-source projects using Ruby, JavaScript, Node.js, SQL, React, HTML/CSS, and Express.

- DS-Plus: an NPM package built with JavaScript that provides fast, non-native data structures
- Regexer: a Regex editor that evaluates Ruby and JavaScript expressions, built with React and Ruby
- Mello: a Trello clone built in React and Redux with a Rails API backend that supports creating, editing, and deleting boards, lists, and cards

Educator, *Various Districts*

2015 - 2018

- High School: Web Development, English Language Arts, AP Psychology

Skills

Technical skills: JavaScript, Node.js, React, Redux, Express, jQuery, Ruby, Ruby on Rails, Sinatra, HTML/CSS, ERB, PostgreSQL, DGraph, REST and GraphQL APIs, Git/GitHub, Docker, Kubernetes

Communication: Writing, Public Speaking, Research

- 15+ software engineering articles featured in popular publications

Education

Launch School, <https://launchschool.com/employers>

2018 - 2020

Multi-year Software Engineering curriculum focused on mastering web development fundamentals

Roberts Wesleyan College, *M.Ed Childhood Education*

2013 - 2014

State University of New York at Geneseo, *BA Philosophy*

2010 - 2013
